PONTIFF EASILY SURVIVES ORDEAL

Ceremony is Shortened to Relieve Aged Prelate as Much as Possible.

HANDS TREMBLE, BUT VOICE IS CLEAR

Impressive Service Serves to Silence Rumors of Ill Health.

ARCHBISHOPS ALSO CONFIRMED IN PLACES

Appointments Made by Brief Are Duty Announced by His Holiness to Assembled Multitude of Churchmen.

ROME, June 22.—The consistory was especially important owing to the persistent rumors regarding the pope's ill health and the previous postponements.

Naturally, a ceremony in which the pope, half hidden in vestments, is borne on a chair and is continually assisted, is not the best opportunity to judge of his appearance or the state of his health, but a man capable of undergoing the strain of such a function has plenty of vitality.

The pontiff's features seemed slightly more clear cut and his hands trembled perceptibly, but his voice is plainly heard, though it has lost something of its power. The ceremony was shortened as much as possible and only lasted about thirty-five minutes.

All the cardinals of the curia were invited to the Vatican half an hour before the pope's appearance and they assembled in the consistory hall in order of precedence, and formed a striking picture.

The entrance of the pope, clad in white vestments and surrounded by his trusted companions in their red robes, gave a finishing touch to the scene. After receiving the homage of those present the pontiff recited a prayer and then proceeded to the nomination of the new cardinals.

Proposes New Cardinals.

The traditional secrecy was maintained, though it is now largely a matter of form. The pope proposed each new cardinal, the members of the sacred college signifying their assent by raising their caps.

The following were created cardinals: Monsignor Tallini, papal nuncio of Vienna; Monsignor Cavicchioni, secretary of the congregation of the council; Monsignor Ajuti, papal nuncio at Lisbon; Monsignor Nocella, secretary of the consistorial congregation; Monsignor Katschthaler, archbishop of Salzburg, Austria.

Most Rev. Herroy Espinosa, archbishop of Valparaiso, transferred from the titular bishopric of Santa Maria in Aracoele to the diocese of Frascati, near Rome, the summer residence of the Roman aristocracy.

Nominations of Archbishops.

Afterwards the pope announced the nominations of several archbishops who had been appointed by brief.

The pontiff replaced Cardinal Agliardi, who has been replaced as prefect of economy of the propaganda, by the vice chancellor of the Chiesia della Volpe.

At the conclusion of the consistory the pope went to the throne room, where, surrounded by the cardinals and the papal court, he received the homage of the new archbishops and bishops. The ancient ceremonies were observed, each of the prelates kissing the pontiff's foot and receiving apostolic benediction.

In the meanwhile the masters of ceremonies, accompanied by church dignitaries, proceeded to the residence of Monsignor Fischer, Cavicchioni and Nocella, and announced their appointments and informed them that the pope would bestow the red hats on them at a public consistory to be held Thursday.

Specially selected members of the noble guard will be sent to officially convey the news to appointees who are abroad.

It is reported that on his return to his apartments the pope said, smilingly, to his attendants:

"There is no doubt I feel better after these ceremonies."

Sultan is Making Trouble.

LONDON, June 22.—The former sultan of Sokoto is causing the British considerable trouble in Nigeria. A force of 120 West African troops, in the middle of May, unsuccessfully attacked the former sultan, who was in command of a large force in the walled town of Durni, about 300 miles from Kans. The British were obliged to retire after losing four men killed and sixty wounded. The enemy's losses were estimated at 200 men killed or wounded. Reinforcements are being sent to the British. PETER TASTES ROYAL POMP

Geneva Flocks to See New King of Servia Start on Road to Throne.

GENEVA, June 22.—King Peter I of Servia

today, accompanied by a large retinue, left Geneva for Belgrade at 8:30 today. The people made quite a holiday.

All the afternoon the king's house in the Rue Boiot was thronged by a good-natured crowd, which numbered along the route to the station, where several thousand persons congregated.

The king dined with the members of his household before his departure. He drove to the station, accompanied by General Popovitch, the head of the Servian military delegation, and followed by the president of the Servian senate and the other members of the parliamentary delegation. Geneva was greatly cheered by the spectators. The station was strongly guarded by gendarmes and detectives in order to prevent any untoward incident.

On the platform was gathered a deputation of Geneva women, who presented the king with many bouquets of flowers, and many other flowers were thrown in the carriage. The Russian consul was among the last to shake the king's hand as the train pulled out amid loud cheers, in response to which King Peter cried: "Vive la patrie!"

BELGRADE, June 22.—King Peter's promotions of officers of the Geneva military delegation have given serious offense here and it is probable they will be canceled.

It is semi-officially stated that Colonel Mitchell, who was granted on Saturday as commander of the military district of Belgrade, is not the chief conspirator, but the latter's brother.

VIENNA, June 22.—The Allegemalpe Zeitung says the new king of Servia was not only fully informed of the military conspiracy at Belgrade, but it was actually carried out by his agents.

The late king, perceiving his peril, spontaneously offered to renounce the crown, but the officers ignored this and proceeded to the murder.

LONDON, June 22.—King Edward has ordered the court to go into mourning for a fortnight for the late King Alexander of Servia.

MINISTERS WAIT FOR KING

Position of the Assassins in Belgrade Depends Upon Peter's Attitude.

BELGRADE, June 22.—The position of the ministry is becoming more unenviable daily in consequence of the Russian and Austrian demands for the punishment of the assassins of King Alexander and Queen Draga.

The terms in the Russian note almost caused a panic among the cabinet ministers who are anxiously awaiting the arrival of King Peter to extricate them from the dilemma.

The Russian minister is in a quandary. He had resumed relations with the provisional government when the czar telegraphed his recognition of King Peter, but the minister takes the subsequent demand for punishment as an indication that Russia will possibly order the suspension of relations with the government until the murderers are punished.

Meanwhile the preparations for the reception of King Peter continue. A public holiday has been proclaimed, provincial deputations are coming to Belgrade, free wine and beer are to be provided by the government and the town is to be given up to rejoicing.

SOETHERN AND MARLOWE UNITE

Frohman Engages Famous Stars to Play Shakespeare for Three Years.

LONDON, June 22.—Charles Frohman has completed arrangements for the joint appearance of E. H. Soether and Julia Marlowe for three consecutive seasons. They will begin in New York in the middle of September 1904, and then tour to San Francisco, finishing each season with an engagement in London.

The contract provides that during the three years they shall play "Romeo and Juliet," "Much Ado About Nothing," "As You Like It," "The Taming of the Shrew," "The Merchant of Venice," "A Winter's Tale" and "Hamlet."

The combination of these two artists was made practically by their desire to appear together in Shakespearean drama. The leading members of the supporting company will be selected from those who have succeeded in Miss Marlowe's and Mr. Soether's companies. The organization will consist of 100 members.

M'KIM GETS KING'S MEDAL

For Second Time in Decade British Architectural Honors Cross Ocean.

LONDON, June 22.—Charles F. McKim, the New York architect, tonight received the king's gold medal, awarded by the Royal Society for Architects. The medal was bestowed upon Mr. McKim in recognition of the excellence of his design of many public buildings in the United States and of his being the president of the American Institute of Architects. Ambassador Choate and others witnessed the presentation.

Mr. McKim in acknowledging the medal said he accepted it for his whole profession in America rather than as a personal tribute.

"The fact that the medal had gone to America twice within a decade," he continued, "showed how kindly the British people recognized the work of its younger colleagues."

BOODLE PROBER ACCUSED

Member of Investigating Committee Included in Scranton Council Combine.

CITY FATHERS SAID TO DEMAND BRIBES

List of Eleven Corrupt Selectmen, Each of Whom Wanted \$400, is Given to Commission.

SCRANTON, Pa., June 22.—Starting testimony was produced today before the Select Council investigating committee, which met today to investigate the charges of bribery made by ex-County Surveyor George F. Stevenson, in relation to the defeat of the Dalton street railway franchise ordinance in council.

W. P. Boland, one of the promoters of the Dalton Railway company, said Select Councilman David B. Evans of the North ward demanded in the presence of Mr. Stevenson \$50 for himself and \$40 for each of ten other councilmen, the names of the following councilmen: John E. Regan, Thomas O'Boyle, James P. Maloney, Thomas C. Malvin, John Nagel, Thomas Cosgrove, Edward J. Coleman, Malachi Coyne, John J. McAndrew and Richard Morgan.

The testimony was corroborated by Mr. Stevenson. Both men declared Evans threatened that unless the money was forthcoming the ordinance would be either nullified by amendments or defeated.

The ordinance was subsequently loaded down with impossible amendments and then the quorum was broken.

Mr. Boland also asserted that Selectmen O'Boyle and Regan individually made demands on him, the one asking for the "regular market price" and the other for "whatever was going."

Committee Man is Accused.

Boland's announcement that Evans included Selectman Coyne in the boodle list created a sensation. Mr. Coyne is one of the investigating committee. When his name was mentioned he jumped to his feet, exclaiming: "I don't believe Mr. Evans ever made such a statement to you, Mr. Boland."

Witnesses repeated that Evans told him Coyne was one of the eleven.

"We'll see about that later," interrupted the chairman, and the matter dropped.

Evans took the stand later and emphatically denied having mentioned any councilman to Boland and Stevenson, and protested that the only mention of money was made by Boland himself. He stoutly maintained that Boland sent for him asked him to work for the ordinance and promised to give him \$500 for his trouble.

He agreed to help Boland for friendship's sake, but spurned the money. On another occasion when Boland told him he would make good the promise to pay, Evans forbade him to ever again mention money to him. Evans formerly was employed by Boland as a mine foreman.

He would have exposed Boland in the council at the time if it was not that he owed a debt of gratitude to him.

At the conclusion of the hearing in the council chamber Selectman Evans was arraigned before Magistrate Miller on a charge of soliciting bribes, preferred by the Municipal league. The witnesses in both cases were the same.

UNION MEN SCORE EMPLOYERS

Declare New York Arbitration Scheme Mere Bait for Work.

NEW YORK, June 22.—The first general conference between the employers and employees on the plan of arbitration was held tonight, when the committee of employers and laborers who revolted from the United Board of Building Trades met a committee from the Board of the Building Trades Employers' association.

Robert Patterson of the Amalgamated Sheet Metal Workers declared the plan one-sided and accused the employers of not acting justly.

James J. Nugent, a steam fitter, said the plan was only a "bait" for the workmen.

President Edmonds of the board of governors declared that organized labor had placed building conditions in such a state that something radical had to be done.

"You can't ask a man with an empty stomach," said Mr. Early of the tile layers, "to talk about arbitration."

The conference adjourned without arriving at any agreement.

SPECIAL COURT FOR FEUDISTS

Judge Redwine Decides to Push Bribery and Arson Charges.

FRANKFORT, Ky., June 22.—Judge Redwine of the Breathitt circuit court, has agreed with Governor Beckham that a special term of that court be held to investigate the charges of arson and bribery made by Captain Ewen and others. The term will be called for about July 20. In the meantime forty soldiers will be kept on duty at Jackson.

JACKSON, Ky., June 22.—Ex-Senator A. H. Hargis sent for Mrs. B. J. Ewen, wife of B. J. Ewen, who was the principal witness in the trial of Jett and White, and talked to her regarding her husband, Mrs. Ewen has become alarmed and has written to her husband not to remain in Kentucky.

LEXINGTON, Ky., June 22.—Captain B. J. Ewen left this afternoon for a secret destination. This action was taken on advice after he had been informed of a plot to assassinate him. A series of rumors are in circulation concerning efforts to interfere with the course of justice in the Marcus case. Captain Ewen not only felt that he was in danger, but that his presence here might endanger his friends.

The arrival of Governor Beckham and Inspector Hines at 8:45 tonight fulfilled the prediction that an important conference affecting Breathitt county affairs was to take place. Judge D. B. Redwine, Commonwealth's Attorney, E. D. Thomas, Marcus' attorney, General Murray and Colonel Roger Williams also came in.

Governor Beckham, Inspector Hines, Adjutant General Murray and Colonel Williams were met by Judge Byrd and Captain Ewen at the Phoenix hotel.

A. J. Beckham issued the following statement: "Governor Beckham has decided to call a special term of the Breathitt circuit court to be held on Monday, July 20, to consider the charges of arson, attempt to bribe Captain B. J. Ewen and other conduct which would constitute a crime as may require investigation."

"The trial will be held in Breathitt county," was asked.

"This has not been determined. The grand jury will have to be impaneled in Breathitt county."

"Will a special judge be appointed?" "That has not been determined."

"Will more troops be sent at the present time or later?" "The present force is expected to suffice and remain for the present. When the special term is convened the governor will send whatever additional troops he may deem necessary to protect the court, the grand jury and the witnesses."

SCHWAB IS WELL SECURED

Steel President Takes No Chances in Ship Building Deal.

TRENTON, N. J., June 22.—Argument was commenced in the United States circuit court today before Judge Kirkpatrick in the case of the application of Roland R. Conklin and others for appointment of a receiver for the United States Shipbuilding company.

The case was opened by Mr. Woolman reading at length the bill of complaint. During the reading Mr. Woolman brought out the facts that Charles M. Schwab had received for the Bethlehem steel works \$200,000 made up of \$100,000 preferred stock and \$100,000 common stock and \$100,000 of collateral bonds.

Judge Kirkpatrick asked what the collateral consisted of, and was told that it embraced two mortgages, one on the Bethlehem plant and another on the shipbuilding company's entire property. He was made a humorous comment that Schwab was well secured.

Attorney General McCarter replied, making general denial of the salient points of the bill of complaint. He declared there was no insolvency and said the company was able to meet its obligations, that no arrangement had been made whereby bonds were to be issued on account of the Bethlehem plant; that the plant was not separately acquired; that it was included in the general purchase and that the promoter had not been charged in the bill of complaint.

The affidavit of Mr. Nixon was a sweeping denial of the charges in the bill of complaint. He also gave his opinion based on his experience of eighteen years in the shipbuilding business, that the plants absorbed exclusive of the Bethlehem works, were worth \$20,000,000. He denied also that there had been any arrangement between Schwab and himself whereby Schwab should acquire the plant of the Bethlehem Steel company and sell it to the shipbuilding company at an enormous profit. On the contrary, Schwab acquired the Bethlehem plant long before the formation of the shipbuilding company.
